March 24, 2009

Material Type: **Finco White** and **TK White H II** Powder Coatings

Formulation Identification Number: **HF602S9** and **HF604S9**

### STATEMENT OF COMPLIANCE

The above material meets the requirements of an appropriate indirect food additive section of the U.S. code of Federal Regulations, Section 175.300, Title 21 (Food and Drugs). This section applies to coatings involving food-contact surfaces and those products recognized as acceptable to the Food & Drug Administration. The section pertaining to powder coatings is as follows: "Resinous and polymeric coatings may be safely used as the food-contact surface of articles intended for use in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting, or holding food in accordance with the following prescribed conditions:"

Further DuPont Powder Coatings-USA knows of no reason this material should not be used for the intended end use.
